Soon after your purchase has been made (up to 10 minutes) you will receive an email from **Templett** directing you to create an account and to gain access to your templates. (please check your junk mail)

Please note - The files are not in your Etsy account, they will only appear on Templett.

Your order can be accessed by using your email address or your order number.

If you are having trouble getting access to your email, please see the link below:

Please keep in mind that if you have used an Apple ID for checking out, you will not receive an email as Apple ID does not supply an email address to Etsy. In this case, please send us a message through Etsy messenger for help with your order
